RE: Glass No Longer Accepted at Wood County Satellite Locations

ATTN: Newsroom

The Wood County Solid Waste Management District received notification from the Bowling Green Recycling Center that, effective immediately, glass will no longer be accepted at their facility. Because they are also the contracted service provider for the Wood County Satellite Locations, this change impacts this program as well. Effective immediately, glass will no longer be collected at the monthly locations. For a complete list of locations, please visit our website at <http://www.recyclewoodcounty.org/recycling/satellite-locations/>.
